Recommendation of Mr. **Heinz Hinrichsen, Chief Executive Officer, E.F.E. European Fairs & Exhibitions GmbH, Luebeck/Germany** about the work of Ms. Stricker-Berghoff during the trade fair "Handel und Hanse 2006":

"Ms. Stricker-Berghoff of ProEconomy in Luebeck-Travemuende had the attractive idea to address a whole hall to the subject "Energy Savings in Buildings" during our trade fair "Handel und Hanse 2006" in Luebeck. In a very short time she realized this whole idea successfully and without any problems including a complete conference, the press contacts and public relations, and last but not least the acquisition and support of all exhibitors."
